Hi Tom.

"Stopped" means that retrieval was stopped by HERO. HERO will not retrieve certain items, such as abstracts or studies written in a foreign language.

This is where we stand on the PFAS polymer screen as of today. **Ex. 5 Deliberative Process (DP)**

Hi Marc,

Just checking in to see where we are in terms of the updated human health and eco screen. Once they have been full-text reviewed we can begin to move ahead with prioritization of the assessments.

Quick question: What does stopped mean?

Thanks,
Tom
